

THE CSM WAY TO SELL OUR PRODUCT.

METAL GUTTER SYSTEMS

Installation Brochures

The illustrations and explanations allow your clients to determine easily which parts they need for their gutter system.

**"YOUR VALUE
ADDED COMPANY"**
supplying gutters,
downspouts and
accessories since 1920

Installation Brochures

The illustrations and explanations allow your clients to determine easily which parts they need for their gutter system.

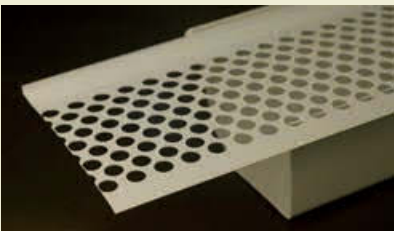

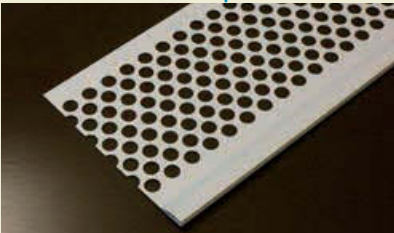

Box Label

Quickly shows the part to your client and ensures a clean display at all times.

Debris Shield

For use with Repla K and standard metal gutter systems to prevent leaves and other debris from entering the gutter system. It is non-metallic.

Display Panel

Visual aid for a gutter system that allows your clients to identify easily the necessary parts.

Adjust-A-Spout

- Extends out to 6 feet
- Swivels up to 180 degrees and flips up for easy trimming and mowing.
- Used to guard against foundation water damage from run off seepage.
- Esthetically appealing.
- Fits 2" x 3" and Small Square Downpipe.
